# WELCOME!

I am excited to have you become part of the Hornet family. In the political, cultural and economic heart of the Golden State, with more than 235,000 proud hornet alumni redefining the possible — we are California's Capital University.

Our on-campus housing community of 3,200 residents live on the North and South ends of campus. North Village houses 2,100 students in traditional residence halls. First-year students are housed in Desmond, Draper, Jenkins, Riverview, Sierra and Sutter hall. North Village upper-division and transfer students reside in suites at the American River Courtyard. Our newest apartment style complex, Hornet Commons is located on the south end of campus. Hornet Commons opened in the Fall of 2021 and houses 1,100 upper-division and transfer students. Hornet Commons is an exciting addition to an already robust on-campus experience that provides a diverse and culturally rich experience. We continue to believe, and research continues to support, the idea that students that live on-campus have better grades and report a greater level of satisfaction with their social lives and personal relationships.

Living on campus is the smart choice. Please check us out on our website [csus.edu/student-life/housing](https://csus.edu/student-life/housing).

We look forward to seeing you in the Fall of 2022. **STINGERS UP!**
