## EXPLORE WITH PONCE

Every time you see this symbol, read more about why Pounce loves UWM!

# PONCE'S WELCOME

I'm Pounce the Panther. You may recognize me as UWM's mascot. Since I stepped onto the UWM campus, I've been #PantherProud and enjoying life in the city of Milwaukee.

UWM is a vibrant and diverse university, uniquely able to offer exceptional academic programs and the excitement of living in the cultural and economic capital of Wisconsin. UWM is recognized as one of the nation's top research universities by the Carnegie Classification of Institutions of Higher Education, which means our students study with world-class experts who are making cutting-edge discoveries. The university also offers a comprehensive liberal arts and professional education through more than 200 academic programs.

When I'm not attending classes, I get to represent our university at events all across Milwaukee (including basketball games at the UWM Panther Arena downtown). UWM has a massive impact on the city, and students can get involved with hundreds of local businesses and organizations through internships and volunteer opportunities.

Please join me in learning more about this community that I call home.

The University of Wisconsin-Milwaukee Visitor Guide is written and designed by the University of Wisconsin-Milwaukee Office of Undergraduate Admissions, Vogel Hall, 3253 N. ## EXPERIENTIAL LEARNING OPPORTUNITIES

### Alternative Spring Break:

Be part of a service trip during your spring break. You'll travel somewhere new and do valuable volunteer work.

**Clinical Experiences:** Prepare for a future career in health care with hospital- and clinic-based learning experiences.

### Course-Based Projects:

Do a class project with real-world applications in partnership with local corporations and nonprofit organizations.

**Fellowships:** Receive tuition or aid from educational institutions, corporations or foundations to help you continue pursuing your studies or research.

**Field Work:** Apply what you've learned in class and get experience in your field in local neighborhoods and more.

**Internships:** Take full advantage of our surrounding city and get a true taste of what working in your future field may be like. Paid and for-credit internship opportunities are available.

**Nonprof-IT:** Work on a project team and get credit providing IT solutions for nonprofit organizations.

# LEARN BY *Doing*

## EXPERIENTIAL LEARNING AT UWM

A well-rounded education doesn't come from textbooks alone. **We encourage all UWM students to build upon what they learn in class with real-world experiences.** Our students travel to other countries, do research, create startups, teach in Milwaukee classrooms and more. No matter what you choose to study, you can **get experience in your field before graduation day** and leave UWM with a valuable degree and an impressive resume.

## NOTED ALUMNA

UWM alumna Kimberley Cy Motley's quest for justice began in Milwaukee with an assignment in the Wisconsin State Public Defender's Office. In 2008, she stepped on the international stage, becoming the first and only foreign lawyer to litigate in Afghanistan's courts. She advocates for women, foreigners and many businesses being tried in a complicated legal system. Motley's unique practice has captured the attention of The New York Times, Vanity Fair, BBC and others, and became the focus of her TedTalk entitled "How I defend the rule of law," which has been viewed more than 1 million times. Her perseverance in Afghanistan is captured in the award-winning documentary about her work entitled "Motley's Law," which won awards at the DOC NYC and IDFA film festivals. Traveling the world and fighting for justice, Motley represents clients on almost every continent.

**Service-Learning:** An integral part of more than 75 UWM courses, service-learning brings students into communities to help with an identified need that also connects to coursework.

**Student Artist in Residence Program:** Share your creative practice in music, painting, sculpting, theater or dance with a residential community or nursing home in exchange for free room and board or a financial stipend.

**Student Employment:** From being an RA in a residence hall to a graphic designer in a campus office, UWM offers plenty of paid work experiences.

**Startup Challenge:** Join a team of students and develop a new business, app or invention with support from the Lubar Entrepreneurship Center.

**Student Teaching:** Step inside a Milwaukee classroom for valuable teaching experience and insight.

**Undergraduate Research:** No matter your major, you can research side by side with faculty and start contributing to your field even as a first-year student.

**UWM students** get active at **UREC Fest**, one of many **Fall Welcome** events.

**Explore the city of Milwaukee**, from colorful murals to great restaurants.

**Jaidynn Diore Fierce** performs at the annual **UWM Drag Show**.

**UWM students** kick off the year at **Pantherfest**, which has featured performers such as **Kesha** and **Khalid**.

**Fall Welcome** brings the **incoming class** together for food, connections and updates from the university.

**The UWM men and women's soccer teams** play at **Engelmann Stadium** on UWM's campus.

## GET INVOLVED AT UWM

Wondering what you will do with your free time? Looking for ways to contribute and make a difference? Want to develop your leadership skills, meet new friends or explore art, film and culture in the city? **Student Involvement** is your one-stop shop for events, involvement opportunities and student organizations.

 UWMHBSSW  UWM\_HBSSW  UWM\_HBSSW

UNIVERSITY of WISCONSIN  
**MILWAUKEE**

Helen Bader School  
of Social Welfare

\*U.S. Bureau of Labor Statistics

This is much faster than the average for all occupations. Employment growth will be driven by increased demand for healthcare and social services, but will vary by specialization.

## WHAT YOU'LL LEARN ON A CAMPUS TOUR

The best way to get to know your school is by walking around the campus. Learn what UWM is all about by taking our guided tour. The current students who serve as guides will be happy to tell you why they are #PantherProud. Meet with an admissions advisor and get acquainted with our beautiful campus and surrounding neighborhood.

- Learn about our **close-knit community** on a compact campus.
- Our student body is the **most diverse** in the UW System and has the largest number of student veterans.
- Campus Pride has acknowledged us as one of the **top 25 LGBTQ-friendly universities in the nation**.
- Students live in **suite-style residence halls** (no need to share a bathroom with 20+ others) and multiple Living Learning Communities.
- Explore the city by using our Milwaukee County Transit System with your **tuition-included bus pass**.
- Check out our neighboring communities for food and fun: Shorewood, Riverwest, the east side, etc.
- Don't forget to check out the walking and bicycling trails leading you around campus, along the lakefront and beyond!
- Benefits from an **urban university in a residential setting** that's not too far away from city life.
- Our students receive continued support from peer mentors, advisors, student resources and community connections!

[uwm.edu/visituwm](http://uwm.edu/visituwm)

*Lizzie*

**JOURNALISM, ADVERTISING AND  
MEDIA STUDIES MAJOR**

"Before taking a tour of UWM, I was in love with the beauty of the campus. After taking the tour, I fell in love with what opportunities I had ahead of me.

"As a tour guide, I get to connect with students and show them what made me fall in love with UWM and what we have to offer.

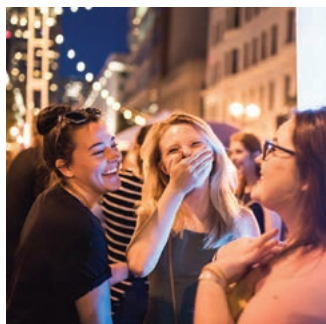

"On a campus tour, you'll get to see the campus through a current student's perspective. You'll be able to see that there are many perks to being on an urban campus outside of the downtown area."

### 3 CAMPUS EVENTS FOR FUTURE STUDENTS

1 **Meet UWM:** A terrific full-day event for prospective high school students in all grades to test-drive the university.

- Meet current UWM students and staff to get an inside look at life as a Panther.
- Chat with advisors about majors you can pursue.
- Explore the neighborhood surrounding the UWM campus.
- Attend a financial aid presentation.

2 **UWM Admitted Student Day:** This program for admitted incoming first-year students and their families will help you finalize your decision to make UWM your new home.

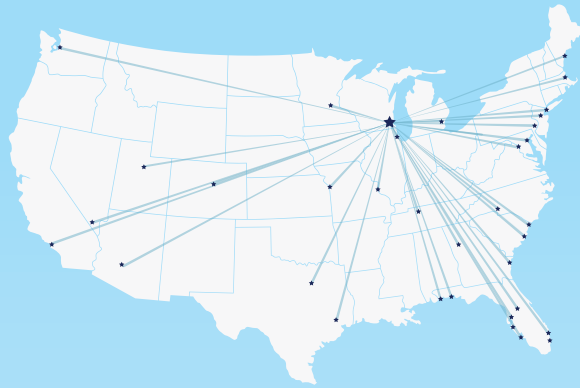

- Tour and see how the city of Milwaukee will be your learning laboratory.
- Talk with advisors in your major and learn about resources available to you.
- Tour our residence halls and begin to picture yourself living on campus.

3 **Transfer Visit Day:** Planning to transfer to a four-year university? This event provides an opportunity to learn about UWM.

- Attend information sessions specific to your intended major/field of study.
- Take a campus tour and meet with current students who have transferred to UWM.
- Meet with an admissions advisor to learn about our transfer process.

LUBAR SCHOOL OF BUSINESS

## RESEARCH AT UW-MILWAUKEE

UWM offers more than 1,000 undergraduate research opportunities annually, and more than 500 of them involve paid positions. In fact, research is woven so tightly into UWM's academic culture that over half of our students have undergraduate research experience by the time they graduate. Here's just a glimpse of what some of our students have worked on.

*Mikayla*

GEOSCIENCE MAJOR

Lake Michigan's present-day shoreline looked quite different between 35,000 and 40,000 years ago, its geography mostly featuring marshes and bogs. Junior Mikayla is studying fossils deposited during that time to learn more about its ecosystems. She says her work with Scott Schaefer, a geosciences lecturer, in a Cudahy-area lakeshore park is like stepping back in time. Mikayla is also involved in GO FoRWARD, a program to encourage more people of color to go into the geosciences.

[uwm.edu/research](https://uwm.edu/research)

*Emma*

BIOLOGY MAJOR

Yellow perch are a staple of aquaculture and coveted by the dining public in the Great Lakes region. Emma, a senior and a UW System water fellow, has researched different ways of raising the perch, particularly how they're impacted by water temperature and salinity as they grow from the embryo and larval stages. This is important, Emma says, because climate change is making the Great Lakes warmer and saltier. Under mentor Dong Fang Deng, a senior scientist in the School of Freshwater Sciences, she's also looking at how microplastics in the water may affect yellow perch.

## LIVE, LEARN AND LEAD

**Live:** All five UWM University Housing complexes are completely suite-style, meaning two to four connected bedrooms share a private bathroom. While UWM houses more than 4,000 students annually, our facilities are divided into smaller wings or houses that make it easy to find friends and make lasting social connections. Our residence halls provide space for your academic needs with computer labs, classrooms and study rooms. We also offer social common spaces like a movie theater, music practice rooms and game rooms.

Explore our housing options at [uwm.edu/housing](http://uwm.edu/housing).

Cambridge Commons

Sandburg Hall

RiverView

# UNIVERSITY *Housing*

The following represents our housing facilities under normal circumstances. During the COVID-19 pandemic, some housing has been changed to accommodate certain health and housing policies.

## **CAMBRIDGE COMMONS**

Opened in 2010, Cambridge Commons houses 650 students, mostly in their first year. Here, you'll find a large courtyard, private music practice rooms, refrigerators in every suite and a full kitchen lounge on every floor.

## **RIVERVIEW**

Opened in 2008, RiverView features first-year student housing in suites consisting of two double occupancy rooms. RiverView debuted a new movie theater and the RiverView Eatery in Fall 2019. Kitchen spaces on each floor allow students a space to prepare meals and gather as a community.

## **SANDBURG HALL**

These four towers are UWM's original residence halls. The East Tower opened in 2001. This 2,800-person complex is its own mini-city, with a movie theater, coffee shop, convenience store and late-night dining facility.

## **KENILWORTH SQUARE APARTMENTS**

Opened in 2006, Kenilworth Square houses 330 upper-level students. Previously a Ford Model T factory, the interior features high ceilings and loft-like architecture.

## **PURIN HALL**

A converted apartment building, Purin Hall is our most compact residence hall, with 50 residents, most of whom are upper-level students. The small community features hardwood floors, ceiling fans and kitchens in each suite, which makes it feel like home.

## **INTERESTED IN A TOUR?**

University Housing's Sandburg Hall is a regular stop on our See Milwaukee tours. In addition, University Housing provides individual tours of select buildings on weekdays. Contact the University Housing Outreach Office.

414-229-3158 | [uhmktg@uwm.edu](mailto:uhmktg@uwm.edu)

**Learn:** UWM is home to more than 15 Living Learning Communities. These LLCs are smaller communities within communities that give students the chance to live on a floor with other students who share similar interests and/or career goals. Students in LLC programs generally have higher GPAs, higher graduation rates and report making friends faster than students who do not participate in LLCs. And there's no extra cost to being a part of an LLC. Visit [llc.uwm.edu](http://llc.uwm.edu) for more information.

**Lead:** University Housing provides great options for students to develop their own sense of leadership. All residents are invited to participate in their building's Community Council, where there are abundant opportunities for students of all communication and leadership styles. In addition, some residents may choose to run for a seat on the Student Housing Administrative Council, which is an advocacy and event-planning group.

## **MEAL PLANS**

UWM's meal plans are set up with a debit-style account, where students pay for food items on an a la carte basis. This gives students the ultimate flexibility to customize their own nutritional plan.

# SELF-GUIDED *Tour*

Welcome to UWM! We've highlighted a recommended route for you. However, you can begin your tour at any point on campus. All of our buildings have been numbered with corresponding descriptions on the next few pages. We encourage you to check out the buildings labeled with gold numbers, as they are locations that our students frequently visit during their time as UWM Panthers or as they prepare to become one.

Don't forget to check out the amazing photo opportunities on campus.

## OFFICE OF UNDERGRADUATE ADMISSIONS

While discovering all that UWM has to offer, don't hesitate to stop by the UWM Welcome Center (1) to register for a guided tour, meet with an admissions advisor, complete admissions steps or get questions answered.

The Welcome Center is open Monday through Friday from 8 a.m. to 4:30 p.m. During the academic year, we are also open on Saturdays from 9 a.m. to 4 p.m.

414-229-4387

[undergraduateadmissions@uwm.edu](mailto:undergraduateadmissions@uwm.edu)

## MAP KEY

Photo Ops! Gold cameras on the map represent popular photogenic areas on campus. Post them online with the hashtag #FutureUWMPanthers.

Public parking areas are indicated with this blue "P."

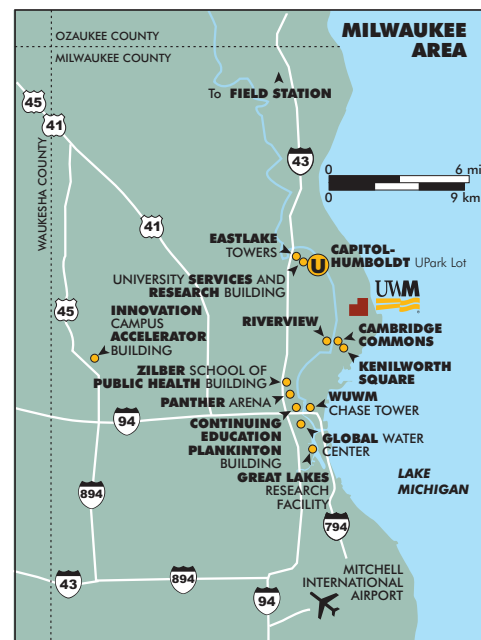

These arrows on the map direct the flow of the campus tour.

 Numbers within a gold dot represent buildings where our guided campus tour stops. Find information about these buildings on the following pages.

 Numbers within a black dot represent buildings on campus. Find information about these buildings on the following pages.

**EXPLORE WITH POUNCE**

Pounce's favorite spot is the **Student Union**, hanging out with students in the Gasthaus or taking a study break in the Fireside Lounge.

# EXPLORE *Campus*

## 1. Lubar Entrepreneurship Center and UWM Welcome Center

### 2. Lubar Hall

The Lubar School of Business has been continuously accredited by AACSB International for over 45 years and offers students one of the best business educations in Wisconsin. Lubar Hall provides students with private computer labs, specialized career services and the David O. Nicholas Applied Finance Lab.

### 3. UWM Student Union

### 4. Bolton Hall

Bolton Hall houses multiple multicultural resource centers, the Office of Undergraduate Research and the Student Success Center. Bolton 150, one of the larger lecture halls at UWM, can be found on the first floor.

### 5. Helene Zelazo Center for the Performing Arts

Once the Congregation Emanu-El B'ne Jeshurun's synagogue, this building has become a rehearsal, classroom and performance space for our music and dance programs. The Helene Zelazo Center also houses the Helen Bader Concert Hall and Mary L. Nohl Art Galleries.

### 6. Mellencamp Hall

Mellencamp Hall is where you will find the offices of the Registrar and Financial Aid, Career Planning and Resource Center, New Student Programs, the Testing Center and the admission operations and processing area.

### 7. Mitchell Hall

Originally the main building for the Milwaukee State Normal School, Mitchell Hall now houses the Graduate School, the Accessibility Resource Center, art and dance studios, the film department and the bursar's or cashier's office. In 2017, the Emile H. Mathis Art Gallery opened here to display and house the expanding UWM art collection.

### 8. The Arts Center

The Arts Center building is home to the Peck School of the Arts, the only comprehensive arts school in the state of Wisconsin. This building houses the theatre, music and art departments. The Arts Center also hosts several performances throughout the year at the Mainstage Theatre, located on the first floor.

## 9. Golda Meir Library

### 10. Curtin Hall

Named for Jeremiah Curtin, who was said to have mastered 70 languages, Curtin Hall is where you will find UWM's foreign language department, which offers 19 different languages, including American Sign Language. The English and philosophy departments, as well as the Writing Center, can be found in Curtin Hall.

### 11. Vogel Hall

Built in 1936 as part of the Milwaukee-Downer Seminary campus, Vogel Hall is now the home of the Office of Undergraduate Admissions.

### 12. Garland and Pearse Halls

Originally part of the Milwaukee-Downer Seminary campus, Garland and Pearse Halls house the office of the psychology department and the Center for International Education.

### 13. Holton Hall

Holton Hall is home to the largest college at UWM, the College of Letters & Science (L&S). L&S advises students in more than 40 programs.

### 14. Merrill Hall

Merrill Hall, which holds the oldest lecture hall on campus, is now home to the offices and classrooms of the College of Letters & Science.

### 15. Johnston Hall

This iconic building was originally a residence hall for the Milwaukee-Downer College, but now houses offices and classrooms.

### 16. Greene Hall

Originally the Milwaukee-Downer College library, this beautiful building is currently used as a conference/meeting room for special events. Greene Hall is connected to the back of Merrill Hall.

### 17. Greene Museum

The Sam and Helen Stahl Greene Museum houses the Center for Jewish Studies, and serves the UWM campus and the Milwaukee community with courses and public events pertaining to Jewish studies.

### 1. LUBAR ENTREPRENEURSHIP CENTER AND UWM WELCOME CENTER

The Lubar Entrepreneurship Center is home to an array of programs that span levels and disciplines. These programs build on UWM's foundation in research. The LEC functions as a focal point for entrepreneurship education on campus and a pipeline of talent and resources for growing businesses in our region. At the UWM Welcome Center, you'll find our campus ambassadors, who are ready to greet you and help you navigate campus.

### 3. UWM STUDENT UNION

The Union is the exciting center of student life and activity on campus. Inside, you will find the Panther Shop, the Union Cinema, the Rec Center, the UW Credit Union, a food court, offices for student organizations, and many student life offices and resource centers.

### 9. GOLDA MEIR LIBRARY

Named for Golda Meir, who became the first female prime minister of Israel after spending most of her formative years in Milwaukee, students can find the American Geographical Society Library, which has over 1.3 million maps, atlases and other data files.

The Daniel M. Soref Learning Commons, on the first floor of the west wing, features group study rooms, the largest computer lab on campus, 24-hour access Sunday through Thursday, and a Grind coffee shop.

The east wing of the library contains more study space, tutoring and supplemental instruction for introductory courses.

# EXPLORE *Campus*

## 18. Sabin Hall

Sabin Hall provides office space for the Department of Anthropology as well as lecture spaces, classrooms and offices.

## 19. The Klotsche Center & Pavilion

## 20. Downer Woods

Eleven acres of protected woodland make up Downer Woods, where research in natural science, botany and biology is often conducted. Campus visitors can enter Downer Woods, but please take only pictures and leave only footprints.

## 21. Norris Health Center

UWM's health center provides medical services to all enrolled students. Many services are free of charge, while prescriptions, some laboratory tests and selected procedures come with a small fee. Students with an active student ID can use Norris as many times as they need while attending UWM.

## 22. Enderis Hall

The 11-story building houses three of our 15 schools and colleges: the School of Education, the Helen Bader School of Social Welfare and the College of Health Sciences. The first floor features a student lounge with food service.

## 23. Chapman Hall

Chapman Hall was originally a library for the Milwaukee-Downer College. It now houses administration offices.

## 24. Sandburg Hall

## 25. Honors House

This building houses the UWM Honors College, including four distinctive classrooms, a private library and a hidden courtyard. Originally the home of the Columbia College of Nursing, its history and atmosphere have been preserved by UWM.

## 26. Northwest Quadrant

UWM acquired the former Columbia St. Mary's Hospital in late 2010. The nearly 11 acres include seven buildings, one of which is a five-story parking structure. The School of Information Studies, advising for the College of Health Sciences and the UWM Children's Learning Center call the Northwest Quadrant home.

## 27. Architecture & Urban Planning Building

Home to the only accredited program of architecture in Wisconsin, the School of Architecture & Urban Planning has classrooms, student studio lab space, a full metal and wood shop and multiple 3D printers. This building was designed specifically for architecture and urban planning students.

## 28. Lapham Hall

Students say this building rocks because of the geology department, which houses a seismograph to measure earthquakes worldwide. Zoology, biology and other natural science departments are also located within Lapham.

## 29. Engelmann Hall

UWM's indoor field is located in the west wing of this building. It is used for courses, leagues, tournaments and scheduled programs. Engelmann Hall also is home to the university's Department of Human Resources.

## 30. Cunningham Hall

The largest nursing program in the state of Wisconsin can be found here. Bachelor's, master's and doctoral programs give students experience with cutting-edge research in health care.

## 31. Laura Moynihan Field at Engelmann Stadium

Both the men's and women's soccer teams use this field with a two-star rating from FIFA, the highest rating for a synthetic field. That makes it one of the best college soccer environments in the country.

## 32. Chemistry Building

The four-story classroom section houses lecture halls and laboratories. The eight-story tower has research facilities and offices.

## 33. Engineering and Mathematical Sciences Building (EMS)

EMS contains laboratories, research facilities and the Johnson Controls Energy Advancement Research Lab, which gives students an opportunity to work with scientists to conduct research. This dry lab is the largest of its kind in North America.

## 34. Physics Building

Here, students can look at the stars at the Manfred Olson Planetarium. Students can partake in rooftop stargazing and observe space with astronomy equipment. The Physics Building also houses offices and classrooms.

## 35. Kenwood Interdisciplinary Research Complex

# Northland Properties

## STUDIO, 1 AND 2 BEDROOM APARTMENT HOMES

An ideal location near the UWM campus, lakefront, and downtown Milwaukee.

Many of our apartments have been updated with contemporary finishes including new luxury vinyl plank and updated appliances. The generous closet space is hard to match in eastside apartment living. Heat and water are included along with on-site laundry!

Professionally managed by the reputable Northland Management LLC, we are committed to making your home the best it can be.

## 19. THE KLOTSCHE CENTER & PAVILION

The Klotsche Center & Pavilion together make up a multipurpose recreational, athletic and instructional complex. There are numerous activity areas, academic offerings, and services to meet the recreation and fitness needs of our students. Activity areas include a weight room, cardio room, two multipurpose fitness studios, swimming pool, basketball courts, jogging track, functional fitness studio, outdoor pursuits center, indoor soccer field and more!

## 24. SANDBURG HALL

The four towers of Sandburg are home to 2,800 students. This community includes its own movie theater, fitness center, computer lab, cafeteria, restaurant, Grind coffee shop, convenience store and the campus police department. Want a tour of the residence hall? Stop by the main desk in the Sandburg lobby to coordinate one.

## 35. KENWOOD INTERDISCIPLINARY RESEARCH COMPLEX

Opened in 2015, the Kenwood Interdisciplinary Research Complex is an award-winning, green-certified building that houses the Milwaukee Institute for Drug Discovery, as well as space for research projects in areas such as STEM, public health, physics and chemistry. In addition, there are several classrooms and faculty offices located here.

# ATHLETICS

UWM sponsors teams in 15 NCAA Division I sports and has built one of the Horizon League's strongest athletics programs. Our Panther athletes bring their powerhouse mentality to the court, the field, the community and the classroom. We've won the McCafferty Trophy – awarded to the Horizon League's all-sport champion – seven times, and our athletes have posted an average GPA of 3.0 for 41 semesters straight. Our overall success is a tangible sign of Milwaukee's all-around athletics excellence.

Basketball fans can catch a men's game at the UWM Panther Arena in downtown Milwaukee, while the Klotsche Center on campus is home to the Panther women's basketball team, volleyball, swimming & diving and indoor track & field programs. The baseball team plays its home games off campus at Franklin Field, and the men's and women's soccer programs play in the center of campus at the Laura Moynihan Field at Engelmann Stadium.

Catch a home game with free admission for UWM students!

# WELCOME TO MILWAUKEE

## GET TO KNOW THE CITY OF MILWAUKEE

Milwaukee boasts many great attractions and some of the best restaurants in the Midwest. Please visit [uwm.edu/aboutmke](http://uwm.edu/aboutmke) for things to do off campus during your visit.

### *If You Have...*

#### **AN HOUR**

If you only have an hour or two, we recommend checking out the **UWM Student Union**, picking up some merchandise in **the Panther Shop**, or taking a picture in front of the **UWM fountain** or the **Panther statue** located by Enderis Hall.

#### **AN EVENING**

If you're looking to grab a bite to eat, be sure to check out the various restaurants located on **Downer Avenue**, **North Avenue** and **Oakland Avenue** in the east side neighborhood surrounding UWM.

#### **A WEEKEND**

If you have a weekend to spend in Milwaukee, we recommend checking out the vibrant city life by seeing a show at the **Milwaukee Theatre** or the **historic Pabst Theater**. Cheer on Giannis Antetokounmpo and the **Milwaukee Bucks** or catch a concert at the **Fiserv Forum**. We also recommend checking out the beautiful **lakefront** and **Bradford Beach**, or maybe even seeing a **Milwaukee Brewers** baseball game!

# MILWAUKEE ATTRACTIONS

## FAVORITE NEIGHBORHOOD SPOTS

**Downer Avenue** is just south of campus. Stop for pizza at Pizza Man, see what's new at the Downer Theatre, and browse the bookshelves at Boswell – all on one block.

**Bradford Beach** is five minutes south of campus and a popular spot for sun, volleyball, lake breezes and delicious frozen custard. You may even spot a surfer or two taking on the waves.

**Brady Street** features eight blocks of diverse restaurants (from Thai to tacos), colorful shops and historic businesses that reflect the neighborhood's cultural heritage.

**Lake Park** is the perfect oasis in the city. It was designed by the same architect who planned NYC's Central Park! Take a nature walk, go for a run or visit North Point Lighthouse.

# Welcome to | Waukesha

## UWM BRANCH CAMPUSES

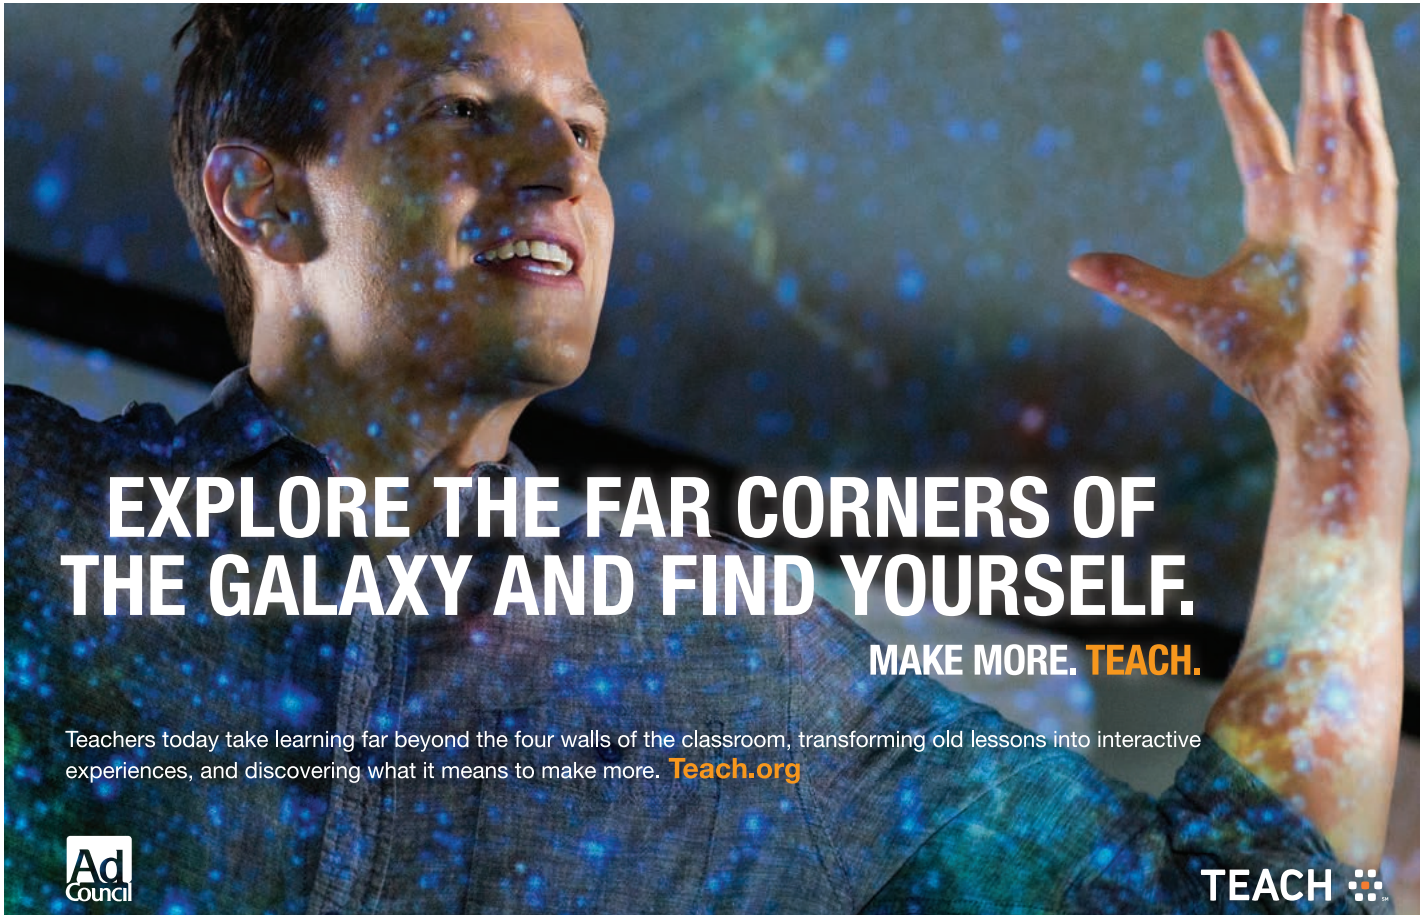

In 2018, UWM welcomed two-year campuses in **Washington County** and **Waukesha** to its family. Together, our three campuses provide more options for students and their communities.

[uwm.edu/washington](http://uwm.edu/washington)  
[uwm.edu/waukesha](http://uwm.edu/waukesha)

## WHY STUDENTS CHOOSE THE BRANCH CAMPUSES

- **Small Classes:** Students get individualized attention from their professors and engaging learning experiences. The average class size for both of these campuses is less than 25 students per class.
- **Welcoming Community:** Each campus has a wide variety of clubs and student organizations to join, so it's easy to get involved.
- **Affordable Education:** Beginning your college journey at one of our branch campuses is a great way to save on tuition before transferring to a four-year university to finish your bachelor's degree.
- **Straightforward Transfer Process:** Many Washington County and Waukesha students plan to transfer to UW-Milwaukee's main campus to get their bachelor's degree. Because all three campuses are part of UWM, the transfer process is simple.

# EXPLORE THE FAR CORNERS OF THE GALAXY AND FIND YOURSELF.

MAKE MORE. **TEACH.**

Teachers today take learning far beyond the four walls of the classroom, transforming old lessons into interactive experiences, and discovering what it means to make more. [Teach.org](https://www.teach.org)

# On it.

Ending racial injustice requires all of us to work together and take real action.

## What can you do to help?

- Educate yourself about the history of American racism, privilege and what it means to be anti-racist.
- Commit to actions that challenge injustice and make everyone feel like they belong, such as challenging biased or racist language when you hear it.
- Vote in national and local elections to ensure your elected officials share your vision of public safety.
- Donate to organizations, campaigns and initiatives who are committed to racial justice.

Let's come together to take action against racism and fight for racial justice for the Black community. Visit [lovehasnolabels.com/fightforfreedom](https://lovehasnolabels.com/fightforfreedom)
